

RIVERTOWN

FISHING PIER AT RIVERFRONT PARK
(Artist's rendering)

Riverfront Park

Opening by December 2011, Riverfront Park is planned as one of the signature elements of RiverTown that highlights the community's connection to nature and the river. Located along approximately one mile of the St. Johns River, the park will encompass nearly 58 acres of natural areas and canopy trees, a fishing pier,

waterfront overlook areas and a restroom pavilion. The park will include a central event lawn with views of the river and pier, as well as views of the community's entry drive and The RiverHouse. Residents and visitors will also enjoy walking and jogging trails along the riverfront and throughout the park.
