FISHING PIER AT RIVERFRONT PARK

Riverfront Park

As one of the signature elements of the RiverTown community, Riverfront Park highlights the community's connection to nature and the river. Located along the St. Johns River, the park encompasses more than 50 acres of natural areas and canopy trees, a fishing pier, waterfront overlook areas and restroom pavilion.

The park includes a central event lawn with views of the river and pier, as well as views of the community's RiverHouse amenity. Residents and visitors can enjoy walking and jogging trails along the riverfront and throughout the park.
